## **ARTICLE 1:00 - PURPOSE**

### **1:01**

The purpose of this Agreement is to govern wages and working conditions so as to promote orderly harmonious relations between the Employer and its employees and the Union agrees to cooperate with and assist the Employer in every legitimate way to conduct a successful business, bearing in mind that both parties must give service to the public.

The parties agree that the Memorandum of Agreement dated July 05, 2001 forms a part of this Agreement. Additional Memorandums of Agreement specific to applicable Provincial Appendices shall be referred to in such Appendix.

## **ARTICLE 2:00 - RECOGNITION AND CRAFT JURISDICTION**

### **2:01**

The Employer recognizes the Union as the sole collective bargaining agency for hourly rated employees employed on field construction, erection, rigging, field fabrication, unloading and work involving assembling, dismantling and demolition performed by the Employer within the jurisdiction of the Union.

### **2:02**

The Employer recognizes the jurisdictional claims of the Union as provided for in the Charter Grant issued by the American Federation of Labour to the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers and Helpers, it being understood that the claims are subject to trade agreements and final decisions of the A.F.L.-C.I.O. as well as the decisions rendered by the Impartial Jurisdictional Disputes Board.

For the purpose of clarification, the jurisdictional claims of the Union are contained in the Addendum attached hereto.

### **2:03**

"Employees" as used herein means employees of the Employer engaged in such work in Alberta, Saskatchewan, Manitoba, Ontario, New Brunswick, Nova Scotia, Prince Edward Island, Newfoundland and Labrador and the Northwest Territories.

### **2:04**

This Agreement does not apply to work which is performed by the Employer in the Employer's plant.

### **2:05**

This Agreement shall not apply to timekeepers, engineers, field office and clerical workers, or to employees above the rank of general foreman.

### **2:06**

When a tool crib is established by an Employer on a job on which his work is predominantly Boilermaker jurisdiction, and an attendant is required, he shall be a member of the Union. The necessity of a tool crib and/or an attendant will be determined by the Employer.

## **ARTICLE 3:00 - MANAGEMENT RIGHTS**

### **3:01**

It is the Employer's right to operate and manage its business in all respects in accordance with its responsibilities and commitments. The location of jobs, the choice of equipment, the schedule of installation, the methods and means of installation, are solely and exclusively the responsibility of the Employer.

### **3:02**

The Employer has the right to make and alter, from time to time, rules and regulations to be observed by the employees, provided that they are not inconsistent with this Agreement.

### **3:03**

It is an exclusive function of the Employer to hire, promote, demote, transfer (i.e. Article 4:04), suspend, lay off, discipline or discharge for just cause, employees in the bargaining unit, subject to the provisions of this Agreement.

### **3:04**

Nothing in this Article shall be interpreted to prejudice other unspecified traditional rights of Management.

### **3:05**

The selection and appointment of General Foremen, Foremen, and Assistant Foremen is solely the responsibility of the Employer in keeping with this Agreement. The designation and determination of the number of General Foremen, Foremen and Assistant Foremen is the sole responsibility of the Employer.

### **3:06**

General Foremen shall be utilized by an Employer whenever he has established this level of supervision on his work on a project and when the number of employees reaches the level established; or when this level is appropriate to the size and nature of the job as determined by the Employer.

The Employer shall discuss availability of qualified General Foremen with the Business Manager or his designated Business Representative and consideration will be given to members of the Local Lodge, however, the final selection of a General Foreman, and the determination and acceptance of his qualifications, shall be the sole prerogative of the Employer.

### **3:07 Local Residents:**

Special provisions are applicable in the Provinces of Alberta, Saskatchewan, and Manitoba, for local residents. These provisions are set out in the Appendix for the applicable Province.

### **3:08 Management Rights**

- (a) In addition to Article 3:05, the Employer shall have the right to name hire 25% of the crew unless otherwise is mutually agreed to between the Employer and the

Union. In no case shall there be in excess of 25% name hires on a crew at any given time unless mutually agreed to between the Employer and the Union.

- (b) In cases where local residents are afforded priority of employment, through Employer requested name hire, such employment shall be considered a name hire.
- (c) The Employer and Union agree that there will be a uniform application of the Name Hire and transfer provisions in all local lodges. Transferred employees who were initially name hired shall retain such status upon transfer.
- (d) All name hire requests shall be made in writing (including FAX), to the Union. Refer to Alberta Appendix for additional written information required in that Province.

## **ARTICLE 4:00 - UNION SECURITY AND DUES COLLECTION**

### **4:01**

The Employer shall not discriminate against any employee by reason of his membership in the Union or his participation in its lawful activities.

The parties recognize that we are in a highly competitive industry and to maintain and enhance our market share, Boilermakers and Supervisory Personnel must continuously train and upgrade to perform the diversified tasks required of them. The Parties will make every effort to provide the necessary training and education programs and will encourage full participation.

### **4:03**

- Such workmen obtained from other available sources shall be required by the Employer to apply to join the Union not later than fifteen (15) days after hiring.

The Union shall admit such applicants to membership providing they are qualified, and except for just and sufficient cause.

**4:04**

In Lodge areas having multiple work areas by virtue of Out-of-Work Lists, before transferring employees to a job in another work area, the Employer must first notify and discuss the job requirements with the Business Manager or the Assistant Business Manager under whose jurisdiction that job lies.

**4:05**

Upon receipt of authorization from the employee, the Employer shall deduct from all employees coming within the scope of this Agreement:

- (a) From the first pay period of each month, monthly Union Dues in the amount prescribed by the Local Lodge under whose jurisdiction the Employer is performing work.
- (b) From each pay period, Union Dues in the percentage of gross hourly wages or other amount as may be designated by the Local Lodge under whose jurisdiction the Employer is performing work.

**4:06**

The Union will hold the Employer harmless from all liabilities and claims by employees, Union or its agents other than prompt collection and transmittal of authorized deductions.

**4:07**

Should it be necessary to reduce the working forces on the job, the Employer shall layoff or terminate their employees in the following sequence:

**4:08**

It shall be the Employer's responsibility to notify the Job Steward, and the employee(s) who are being laid off, no later than one (1) hour prior to layoff.

**ARTICLE 5:00 - NO STRIKES OR LOCKOUTS****5:01**

The Union agrees that there will be no strike or other collective action which will stop or interfere with production, and that if any such collective action should be taken, it will instruct those of its members who participate in such collective action to carry out the provisions of this Agreement and return to work and perform their work in a manner acceptable to the Employer.

**5:02**

The Employer agrees that it will not cause or direct any lock-out of employees.

**ARTICLE 6:00 - JURISDICTIONAL DISPUTES****6:01**

- (a) It is incumbent on all Contractors and Subcontractors to assign work in accordance with Contractors responsibility set forth in procedural rules and regulations for the Plan for Settlement of Jurisdictional Disputes in the construction industry covering the United States and Canada as amended through June 1998.
- (b) The Union shall utilize the procedural rules and regulations for the Plan for the settlement of Jurisdictional Disputes in the construction industry to the extent that it is sanctioned by the International Union.
- (c) Subject to the above provisions and those set forth in 6:03, it is understood and agreed that jurisdictional disputes shall not be the subject of a grievance under this agreement, but shall be dealt with as provided herein.

**6:02**

When a jurisdictional dispute exists between unions and upon request by the Union, the Employer shall furnish the International Offices of the Union, a signed letter on Employer stationery, stating that Boilermakers were employed on specific types of work on a given project.

**6:03**

- (i) When an Employer makes a work assignment that is challenged by the Union and referred to the Canadian Plan and the Arbitrator rules in favour of the Union, the ruling shall be implemented immediately.
- (ii) Should the same Employer assign the identical work, contrary to the Arbitrator's original ruling and the work assignment is once again challenged by the Union and referred to the Canadian Plan and the Arbitrator again finds in favour of the Union, the Employer will be subject to the Arbitration procedure Article 13:02.
- (iii) The Arbitrator shall be empowered to award damages where the Employer fails to establish a course of proper due diligence in following Article 6:01 (a) and (b).

## **ARTICLE 7:00 - WORKING CONDITIONS, SAFETY MEASURES, HEALTH AND SANITATION**

### **7:01**

All work shall be performed, and equipment operated, according to accepted safety conditions which must conform to the applicable Provincial or Federal Regulations, Acts and Laws, and to Employer Regulations. Fresh, safe, cool drinking water and sanitary cups shall be furnished to the employees.

### **7:02**

Where job and climatic conditions warrant, the Employer shall provide clean and adequately heated lunch and change rooms with benches and tables. Areas required for eating and changing shall be adequate in size and shall be kept free of tools and equipment. The Employer shall indemnify the employee(s) for loss or damage of personal effects damaged or destroyed by fire at the jobsite in an amount not to exceed \$400.00.

### **7:03**

The Employer shall supply at no cost to the employee when required by the work he is to perform: safety hats, new sweat bands, new liners, appropriate welding gloves, appropriate working gloves, welding helmets, welding and burning goggles, appropriate welding leathers (i.e. jackets, capes and/or sleeves), non-prescription safety glasses, and leather faced gloves (unless special processes dictate otherwise).

Welders' capes shall be kept available for temporary issue to welders such engaged on work requiring additional protection, such as but not limited to arc-air gouging and overhead welding.

On abnormally dirty and/or corrosive maintenance, revamp and repair work, in which the employees' clothes may be abnormally or permanently damaged, the Employer shall supply and maintain the necessary protective clothing (including gloves and coveralls where appropriate, particularly on, but not limited to, all corrosive work) at no cost to the employee for all employees covered by this Agreement. On such work, employees shall be allowed 15 minutes for wash-up time prior to the conclusion of their shift.

No charge shall be made against the employee for above items which are returned in reasonable condition or which are lost or damaged beyond the employees' control and are reported immediately.

Such work shall also include special cases of new construction carried out in existing facilities such that the above abnormal conditions are encountered.

### **7:04**

The Employer shall provide adequate sanitary facilities on the job for the welfare of its employees and protection of public health, and these facilities must be heated when necessary, and provided with toilet tissue and kept clean.

Flush toilets will be provided, however, it is recognized by the Parties that there may be situations where it is impossible and/or impractical due to the location of the job. In such cases, the Employer shall discuss the problem of toilets with the Local Business Manager, prior to starting the job.

**7:05**

The Employer will provide plug-ins when such has been found to be practicable on the project, otherwise he will assist employees in starting their cars if required due to cold weather.

**7:06**

**7:07**

Special provisions are applicable for safety orientation in the Province of Saskatchewan. These are set out in the Appendix.

**ARTICLE 8:00 - WELDING TESTS**

**8:01**

Any welder possessing a current Provincial Government welding certificate of qualification, who is required to take a Provincial Government test, shall be paid for time required to take the test including materials and inspector fees. In the Provinces of Alberta and New Brunswick, employees who are required by the Employer to have a specialty Provincial Government welding ticket(s) (or equivalent) at the time of hire, shall have the required ticket(s), for the job, valid at the time of termination.

**8:02**

Should a secondary test be required by the Employer, the employee shall be paid for the time required to take such a test.

When a welder is required to perform a test of a type other than a standard Provincial test, the Employer shall, on request, make available suitable material to allow a brief period of practice prior to taking the actual test.

**8:03**

Any welder possessing a current Provincial Government welding certificate of qualification, who is instructed to proceed to take tests, necessitating his having to travel outside of the city limits of the city in which he resides or is employed, shall be reimbursed in an amount necessary to compensate him for travelling time, transportation, travel expenses, subsistence allowance, if applicable. The Employer and the Union will communicate and mutually agree to related costs and test location(s) before proceeding with the testing.

**8:04**

Welders passing a test will be furnished a copy of the test papers from the Employer or party requiring the test within thirty (30) days, or upon completion of the job, whichever is sooner, provided they are available at that time; otherwise the Employer will provide a letter confirming the test and the results.

**8:05**

Where a welder is to take an official Provincial test on which the issuance or re-issuance of his certificate will depend, he shall not be required to do so under conditions which would unfairly affect his ability to perform the test.

For other tests, the Employer may prescribe test conditions approximating, but not exceeding, conditions which may be encountered on the job.

Welders required to take any test shall be allowed to complete the test.

**8:06**

Any welder who successfully completes the welding test, but fails to report for work as notified, without a bona fide reason acceptable to the Employer, will not be eligible for any payment, including testing time and other allowances, as set out in Article 8:00.

**ARTICLE 9:00 - ACCESS TO JOBS**

**9:01**

**10:02**

It will be his duty to assist the Employer and the Union members, in carrying out the provisions of this Agreement and he will be allowed reasonable time to perform such duties by the Employer's representative on the job.

**10:03**

The Steward shall be retained until the end of the job, provided there is work available for which he is qualified; otherwise the Business Manager or Assistant Business Manager of the Union will be notified in time to appoint a successor.

**10:04**

Under no circumstances shall the Job Steward make any arrangements with the General Foreman, Foreman, or Management that will change or conflict in any way with any section or terms of this Agreement.

**10:05**

The Steward shall not be discriminated against and shall receive his fair share of overtime work for which he is qualified. When any part of a crew is required to perform work on overtime or on bad weather days, and the Steward has been performing the type of work involved during the preceding regular shift, he shall be included in such required overtime or bad weather working time.

After this meeting, the Employer shall give his answer to the Business Manager in writing within ten (10) working days.

**11:06**

If the Employer's answer in 11:05 is unacceptable, the grievance shall then be discussed within a further five (5) working days at a meeting of the International Vice-President or his designated Representative and a Representative of the Employer. If the matter is not resolved within these five (5) working days, the matter shall be referred to the next step as outlined in 11:07.

## **LETTER REFERRED TO IN ARTICLE 29:00**

**TO: ALL SIGNATORY COMPANIES TO THE BOILER ERECTION  
AND FIELD CONSTRUCTION AGREEMENT (CANADA) -  
1966 - 1969**

Gentlemen:

During negotiations of this Agreement in June and July of 1966, the Union had requested inclusion of a clause covering sub-contract work on the various projects to be included in the National Agreement. Subsequently this was omitted because of the difficulties in arriving at suitable language which would be satisfactory to both the Union and the signatory companies. However, it was agreed at that time that even though a sub-contract clause was not part of the National Agreement, this did not allow a signatory company to sub-contract their work to a non-union or non-signatory contractors and thus avoid their contractual obligations with the Boilermakers' Union. Therefore, any sub-contract work for field construction should be awarded only to another signatory contractor.

During negotiations, the question of fabrication in various shops of work coming under the jurisdiction of the Boilermakers' Union on field erection, was discussed. It was pointed out to the representatives of the member companies present that considerable difficulty was being experienced and much pressure made to bear by industrial fabricators in agreement with the Boilermakers' Union to having work done in their shops. Further it was pointed out that due to the fact that national contractors had a contractual obligation to the various pipefitting work and fabrication done in shops in agreement with the United Association, on a local or national basis, consideration should be given to the Boilermaker Fabricators when work was being awarded.

The Boilermakers pointed out that contractually there was no obligation for contractors to solicit only companies in agreement with the Boilermakers to do their fabrication work. It was suggested that in order to minimize difficulties that might be encountered in areas where such work is scheduled and which are highly union organized, that contractors try to place their fabrication work in Boilermaker shops or shops which are organized by other A.F.L. or C.I.O. unions.

If, however, it become necessary to place others in non-union shops because of scheduling or by reason of particular manufacturing needs or requirements, then the matters should be discussed with the Boilermakers' International in order that agreement can be reached and any subsequent problems in connection with the field erection of this work be avoided.

If Local Lodge members with proven qualifications in any of the above classifications are not available, then the Employer will be permitted to use members from other Lodges to fulfill the requirements.

The next five (5) Employees will be dispatched from the Local Out of Work List without regard for name hire privilege.

All additional Employees shall be dispatched on the basis of 25% name hire.

## **ARTICLE 1:00 - PURPOSE**

### **1:01**

The parties agree that the Memorandum of Agreement dated May 10, 2001 forms a part of this Agreement.

### **3:07 Local Residents:**

In execution of certain projects, local residents may be given priority of employment provided such resident meets the following criteria:

A local resident is defined as a local Union member who has resided within seventy-five (75) radius kilometers from the project for at least six (6) months immediately preceding date of hire. An employee's residence is the place where he permanently maintains a self-contained domestic establishment (a dwelling place, apartment, or similar place of residence where a person generally sleeps and eats) in which he resides and for which he can show proof acceptable to the Employer.

Where an Owner/Client places local content conditions on multi trade projects, the Parties to this agreement will co-operate in working towards meeting the overall percentage local content requirements in conjunction with Articles 3:05, 3:08 and 4:03 (ii).

### **3:08**

(d) In addition to the requirements set out in the master portion of this agreement, the Employer shall provide the Union with a list of names of all transferred employees, prior to transfer.

## **ARTICLE 14:00 - HOURS OF WORK**

### **14:01**

The Employer does not guarantee to provide work to any employee for regularly assigned hours or any other hours, except as provided for in Article 18:00. Eight (8) hours shall constitute a normal day's work. The normal hours of work shall be between the hours of 8:00 a.m. and 5:00 p.m. for an eight (8) hour day, with one-half (1/2) or one (1) hour for lunch between the hour of 12:00 noon and 1:00 p.m. Forty (40) hours shall constitute a normal week's work, Monday through Friday inclusive.

By mutual agreement in writing between the Business Manager and the Employer, the foregoing starting and quitting times may be changed to suit job requirements or conditions. If the foregoing starting or quitting times are changed without mutual agreement, applicable overtime rates shall be paid for any time worked before or after the above hours as a result of the change of the times.

### **14:02 Compressed Work Week**

(a) The work days may be altered (between Monday to Friday inclusive) on any project by mutual agreement in writing between the Business Manager and the Employer.

(b) The hours of work may be altered (between Monday to Friday inclusive) on any project by mutual agreement in writing between the Business Manager and the Employer.

(c) Friday may be used as a make-up day under the four (4) day, ten (10) hours per day schedule when weather conditions have caused lost time during the work week. Work performed on a make-up day for the first ten (10) hours shall be at the straight time hourly rate up to a maximum of forty (40) hours per week after which the applicable Saturday overtime provisions shall apply. In no case shall the time worked on a make-up day be less than eight (8) hours except where weather conditions affect the foregoing.

The make-up day shall only apply to those employers engaged in the erection, dismantling, repair or demolition of a tank(s).

Where a holiday occurs during the normal work week the maximum of thirty (30) hours per week shall form the basis of maximum straight time rate.

Work performed on Saturday, Sunday or recognized holidays shall be paid at double (2) the regular hourly rate.

A minimum of forty (40) hours is required to implement the compressed work week schedule. Where a multi trade project is scheduled under the four (4) ten (10) hour shift scenario (Monday - Thursday) and a contractor secures short term work that may not provide for forty (40) hours of work, all hours worked shall be paid for in keeping with the provisions applicable to the four (4) ten (10) hour shift.

#### **14:03**

Employees will not be required to work less than the regular assigned hours because of the starting or quitting time of any other trade on the job.

#### **14:04**

An employee shall not be required to work during his regular lunch break except in emergency or special circumstances, in which case, he will receive a re-assigned one-half (1/2) hour lunch break. If this break falls outside the regular lunch break established on the job, he shall receive an additional allowance of one-half (1/2) hour's pay at straight time rates which shall be in addition to his regular straight time hours.

#### **14:05**

Two (2) rest or coffee breaks of ten (10) minutes each shall be established by the Employer on each eight (8) hour shift. If overtime is to follow the regular eight (8) hour work shift, a further ten (10) minute rest or coffee break shall be established before commencing overtime. Where a scheduled ten (10) hour work day is established, the rest or coffee breaks may be either three (3) breaks of ten (10) minutes each, (described above) or two (2) breaks of fifteen (15) minutes each.

### **ARTICLE 15:00 - SHIFT WORK**

#### **15:01**

For the purpose of clarification and to define Saturday and Sunday work, the work shall be deemed to commence at the starting time of the regular day shift on Monday morning. Shifts may be commenced on any calendar day provided the appropriate requirements for shift premium and overtime as specified in this Agreement, are met.

**15:02**

For the purpose of defining the shifts, the 1st shift shall be the day shift, which commences at 8:00 a.m. This starting time may be varied by mutual agreement to suit job requirements. The 2nd shift shall be the afternoon shift and shall follow the 1st shift. The 3rd shift shall be the night shift and shall follow the 2nd shift. 2nd and 3rd shifts shall commence not later than one hour after the completion of the preceding shift, except where this is prevented by conditions or requirements beyond the control of the Employer.

**15:03**

When two (2) or three (3) shifts are scheduled, each shift shall provide for a one-half (1/2) hour unpaid meal period. A shift premium, as set out in the Wage and Benefit Schedule at the beginning of this appendix, shall apply on all hours worked on the second and third shift.

**15:04**

Employees assigned from one shift to another shall receive at least twenty-four (24) hours notice prior to such reassignment. In no case shall an employee suffer loss of regular weekly earnings due to a shift change.

**15:05**

When an employee is required to return to work without an eight (8) hour break, all work performed shall be paid for at the applicable overtime rates, until such time as the employee receives an eight (8) hour break.

**ARTICLE 16:00 - OVERTIME****16:01**

- (a) When an employee is required to work in excess of the regular hours, Monday through Friday inclusive, he shall be paid overtime at the rate of time and one-half (1 1/2) the regular rate for the first two (2) hours. All additional hours shall be paid at double (2) the regular hourly rate.
- (b) Employees working on Saturday, Sunday or Recognized Holidays shall be paid overtime at double (2) the regular hourly rate.
- (c) All other overtime shall be paid at double (2) the regular hourly rate.
- (d) For the purpose of computing overtime pay, when a compressed work week is scheduled and Friday is worked, except in the case of make up time, the first ten (10) hours shall be paid at time and one half (1 1/2) the regular hourly rate. All work in excess of the regular ten (10) hours per day shall be paid at double (2) the regular hourly rate.
- (e) Two or Three Shift Operations:  
Employees working overtime shall continue to receive their shift premium for all hours worked. The shift premium shall not be compounded for overtime hours worked.

**16:02**

- (a) When an employee works more than ten (10) hours, a free meal (hot when possible) and beverage will be provided by the Employer immediately after the conclusion of ten (10) hours, and at each four (4) hour interval thereafter. The employee shall be allowed a thirty (30) minute meal break and shall be compensated at the straight time rate of pay. At his option, the Employer may advance the meal break to the conclusion of the normal working hours or any time between then and the conclusion of the ten (10) hours.

On scheduled overtime, the foregoing may only be changed by mutual consent of the Business Manager or his Designate and the Employer prior to the commencement of the job.

On unscheduled overtime, where the employee works through the overtime meal break and it is impractical to adhere to the foregoing, a meal allowance of \$15.00 plus one-half (1/2) hour of straight time wages will be paid in lieu of the meal and meal break. The employee shall also receive a paid coffee or rest break (15 minutes) at the applicable rate. When a camp is provided, employees shall not receive the \$15.00 meal allowance, but a meal (hot when possible) will be supplied.

When foremen are required to arrive at work up to one half (1/2) hour prior to the normal starting time of the shift to organize work and/or obtain permits, they shall not be entitled to a meal or meal break unless they work more than two (2) hours beyond the end of their normal shift.

- (b) Recognizing emergency situations will arise, if the Employer has not scheduled in excess of the eleven (11) hour shift, the Employer shall be granted a one (1) hour extension where the Employer need not supply a hot meal.

**ARTICLE 18:00 - WAITING AND REPORTING TIME**

**18:01**

When an employee, on initial hire or transfer to a project, is instructed by the Employer to report to a job location on a certain day but is not placed to work until a later date, he shall be entitled to four (4) hours' pay, plus subsistence if applicable, for each of the first two regular working days he is kept waiting. Thereafter the waiting pay shall be increased to a full day's pay [i.e. eight (8) hours] for each regular working day. This waiting pay shall continue until the employee is given work or released from the job in which latter case Article 19:01(c)(v) shall govern.

**18:02**

- (a) Incllement Weather  
When an employee reports to work and cannot work because of inclement weather he shall be paid two (2) hours reporting time and the employee must remain on the job for the two (2) hour period, unless otherwise instructed by the Employer's supervisor. When an employee has commenced work and is instructed to stop due

to inclement weather, he shall be paid for the actual time worked. In no case shall an employee receive less than two (2) hours pay.

(b) Work Not Available

When an employee reports to work and is not given the opportunity to work because none is available or was not advised before the completion of the previous day's work, he shall be paid two (2) hours reporting time and allowed to leave the job immediately.

(c) When an employee has started to work on his regular shift and is instructed to stop, he shall be paid for the actual time worked. In no case shall the employee receive less than two (2) hours pay.

(d) If an employee stops work for reasons of his own, and without the approval of the Employer, he shall be entitled to pay only for the hours actually worked in the day and minimum conditions shall not apply.

(e) Subject to all of the above, it shall be the Employer's prerogative to decide whenever work shall be stopped during the day for any reason.

**18:03**

An employee who is affected by the Conditions set out above shall be entitled to subsistence in accordance with the provisions of this Agreement.

**18:04**

When an employee qualifies for reporting or waiting time, such time shall include the regular shift premium when applicable.

**18:05**

When an employee is notified eight (8) hours prior to the commencement of the scheduled starting time not to report for work, then such employee will not be entitled to any reporting time. On camp jobs, the notice time may be reduced to one (1) hour prior to starting time. If this occurs more than twice in any one week, Monday through Friday, then the employee shall, at his option, be entitled to a layoff.

**18:06**

When an employee is unable to report for work due to a strike or work stoppage on the project where he is employed, such employee will not be entitled to any reporting time, travel allowance and vehicle allowance.

**18:07**

If an employee meets with an accident during working hours and available medical advice or proper medical considerations deem it unsafe for him to continue work, he shall be paid those amounts as compensation as prescribed in the Workers' Compensation Act and shall also receive any other applicable daily allowances. If it is not a lost time accident covered by Workers' Compensation, he shall also be paid for the remaining unworked normal daily hours for that day [i.e. eight (8) hours, or in case of compressed work day ten (10) hours] at the applicable rate.

## ARTICLE 19:00 - TRAVELLING EXPENSES

### 19:01

- (a) **Free Zone:** A forty-five (45) kilometer radius free zone around the City Halls of Edmonton, Calgary and any place in which Employees are temporarily domiciled by the Employer shall be established. No transportation or travel allowance shall be applicable within the free zone.

Notwithstanding the foregoing, on major construction projects located within the free zone, around the Cities of Edmonton and Calgary, but beyond the city bus transportation system of those cities, where it is expected that the total construction workforce will exceed 750, the affected parties shall meet to discuss the viability of implementing a system of providing transportation to the site.

- (b) For projects beyond the forty-five (45) kilometer radius free zone for which daily travel is required, the Employer will have the following options:
- To provide transportation and pay a travel allowance, or
  - Reimburse the Employee, as a vehicle allowance, at a transportation rate as set out in the Wage and Benefit Schedule, per road kilometer travelled each way between the edge of the free zone and the project job site daily and pay travel allowance.

The travel allowance shall be calculated based on travelling at 80 kilometers per hour at the Employee's applicable base rate, from the point where the edge of the 45 kilometer radius free zone intersects the road which takes the shortest most appropriate route to the project and return to the intersecting point.

Example: A Journeyman travelling to a project located 40 road kilometers from the edge of the free zone at 80 kilometers per hour each way would receive the following for each day worked.

$$\begin{aligned} \text{Travel Allowance} &= 2 \times 40 \text{ km} / 80 \text{ km/hr.} \\ &= 1 \text{ hour at base rate} \\ &= \$27.97 \text{ (i.e. May 7/01 rate)} \\ \text{Vehicle Allowance} &= 2 \times 40 \text{ km} \times \text{transportation rate} \\ &\quad \text{(Assume transportation rate = 39 cents/km)} \\ &= \$31.20 \\ \text{Total: Where Employee drives} &= \$59.17 \\ \text{Total: Where Employer provides transportation} &= \$27.97 \end{aligned}$$

- (c) (i) Employees directed or dispatched to a project from which they do not return daily shall be paid a travel allowance for initial travel and transportation to the project and return, upon termination of the job or his employment, based upon a radius from Edmonton City Hall as follows:

- Up to 200 kilometers -\$70.00 each way
- Over 200 kilometers to 300 kilometers -\$100.00 each way
- Over 300 kilometers to 375 kilometers -\$120.00 each way  
(Includes the Empress Area)
- Over 375 kilometers to 475 kilometers -\$180.00 each way,  
or actual airfare if suitable proof of air transport is provided to the  
Employer. If a taxi is utilized, a receipt is required.
- Over 475 kilometers – as mutually agreed between the parties to  
this Agreement to a maximum of \$275.00 each way, or airfare  
inclusive of taxes in the event this is the most practical method of  
accessing the project. If a taxi is utilized, a receipt is required.

Notwithstanding the above, when transportation is provided by the Employer, no travel allowance will be paid.

- (i.1) When transportation is provided by means of weekly busing, an employee at the time of dispatch, will be allowed to elect to use the bus or receive collective agreement initial / return / rotational allowances. Buses must comply with established standards.

An employee who has elected collective agreement initial / return / rotation allowances will no longer be paid any such payments not yet received if a new bus route is established and the employee elects to use it. Such an employee will not be required to return payments received to that point.

An employee who has elected collective agreement initial / return / rotation allowances and who is found using bus transportation will become disentitled to further collective agreement initial / return / rotation allowances, as one consequence.

If an employee who elects collective agreement initial / return / rotation allowances uses bus transportation for his initial trip, that employee will not receive the initial allowance payment. This circumstance will not be a violation as discussed in the previous point.

Regulations shall be established for the use of bus transportation governing behaviour and the use of, e.g. alcohol, tobacco, and other substances.

Notwithstanding the foregoing, an employee who has elected to use provided buses, and who is hired, laid off, or terminated on a day when weekly busing is not available shall be reimbursed the cost of a one-way commercial bus ticket to Edmonton or Calgary, whichever is applicable, and transportation from the site to the nearest commercial bus terminal, or equivalent taxi fare.

- (ii) Employees will qualify for and receive initial transportation allowance to the job site after being employed at the site for either fifteen (15) calendar days or completion of the job, whichever is the lesser.

Should the employee remain on the job until completion of thirty (30) calendar days, or until completion of the dispatched job requirement, whichever may be the lesser, they shall receive the return transportation allowance to be paid with his final pay cheque.

If the employee is transferred to a different work site which is outside the same geographical region for which the transportation allowance was to apply (e.g. the Fort McMurray region, the Cold Lake region, etc.), that employee will be paid any outstanding transportation allowance(s) with their next regular pay. If the employee is transferred to a different work site that is within the same geographical region to which the transportation allowance was to apply, the employee's employment on that different work site shall be deemed to be a continuation of employment on the original work site for the purposes of accumulation of entitlement to transportation allowances and rotational allowances where applicable. Should an employee choose not to accept a transfer, he shall be paid all applicable travel allowances and be considered to be laid off.

- (d) Local residents, as defined in Article 3:07, residing within a forty-five (45) km radius of the job site shall not be entitled to receive transportation or vehicle allowance, travel allowance, initial and return travel allowance, room and board, subsistence, camp accommodations or rotational leave provisions.

Local residents, as defined in Article 3:07, residing between a forty-five (45) kilometer radius and a seventy-five (75) kilometer radius of the job site shall not be entitled to receive initial and return travel allowance, room and board, or subsistence, or camp accommodations or rotational leave provisions, but shall be paid a travel allowance of thirty dollars (\$30.00) per day worked to cover transportation expenses and travel allowance, or if transportation is supplied by the Employer, a daily travel allowance of fifteen dollars (\$15.00) will be paid for each day worked.

- (e) When the transportation provided by the Employer for the conveyance of Employees is delayed by circumstances beyond the control of the Employees, the Employees shall be paid for all such time, up to a limit of two (2) hours at the applicable straight time rate.
- (f) Reference should be made to Article 20:01(d) regarding lodging only for Calgary non-resident Employees.

**19:02**

- (i) On a project located over one hundred and sixty (160) radius kilometers from Edmonton City Hall one (1) additional day's subsistence shall be paid for the preceding day.
- (ii) If the project is located over two hundred and fifty (250) radius kilometers from Edmonton City Hall, one (1) additional day's subsistence shall be paid for the night following the last day worked.
- (iii) In each of the foregoing situations to receive the additional subsistence the employee must provide the Employer with a bona fide commercial accommodation receipt.
- (iv) Where the Employer or his client is providing a free bus trip back to the City on the same day as the last shift of the week, the foregoing (ii) shall not be applicable.

**19:03**

If his employment is terminated for just cause, or the employee leaves of his own accord before having qualified for travelling expenses to and/or from the job, he shall not be entitled to receive the cost of such travel expenses.

**19:04**

After qualifying for return transportation, if the employee voluntarily terminates his employment he will not be entitled to qualify for transportation for any subsequent trips to that job unless at least fifteen (15) working days have expired between his terminating and his return, except in special cases satisfactory to the Union and the Employer.

**19:05 Rotation Allowances**

- (a) On jobs located beyond three hundred (300) kilometers radius to a maximum of four hundred and seventy-five (475) kilometer radius from Edmonton City Hall, the Employer shall:
  - (i) Pay an allowance of one hundred and forty dollars (\$140.00) after thirty-five (35) calendar days of employment on the job and thereafter for each subsequent thirty-five (35) calendar days of employment on the job.  
  
Where the Employee accepts Employer supplied transportation, he shall not be entitled to the above allowance.
  - (ii) Allow the Employee five (5) working days leave after thirty-five (35) calendar days of employment on the job.
- (b) On jobs located beyond a four hundred and seventy-five (475) kilometer radius from Edmonton City Hall, the Employer shall:

- (i) Provide a negotiated transportation allowance, not to exceed scheduled airline airfare where scheduled air service is available, or pay an allowance of two hundred and fifty dollars (\$250.00) where airline service is not available, after thirty-five (35) calendar days of employment on the job and thereafter for each subsequent thirty-five (35) calendar days of employment on the job.
  - (ii) Allow Employees five (5) working days leave after each thirty-five (35) calendar days of employment on the job.
- (c) It is further understood and agreed that the above described trips be on a rotation basis and at no time more than twenty-five percent (25%) of the work force shall be on such home leave.
- (d) Where the employer supplies transportation, the employee shall not be entitled to the above allowances, subject to the provisions of 19:01(c)(i), save and except that the employee shall remain eligible for rotational leave as per 19:05(a)(ii), 19:05(b)(ii) and 19:05(c).

#### **19:06**

An employee shall have the right to refuse a transfer from one job to another, if he has worked until the completion of the job to which he was originally assigned.

### **ARTICLE 20:00 - SUBSISTENCE ALLOWANCE / ACCOMMODATION**

#### **20:01**

Employees who are members of the Local Lodge and who are working on projects in that Lodge area, shall receive a subsistence allowance under the following circumstances:

- (a) (i) For projects beyond where daily travel applies up to a radius of 475 kilometers from the City Hall of Edmonton, as may be appropriate, the Employer may elect to provide:
    - Camp accommodations (in accordance with the current camp rules and regulations, or any successor standards) which remain available on weekends for those who elect to remain in camp; or
    - Mutually agreed room and board; or
    - Industry agreed subsistence allowance and amendments with the understanding that amendments shall not affect existing projects unless the amended subsistence is given to other crafts.
  - (ii) For projects beyond 475 kilometer radius of the City Hall of Edmonton, the Employer has the same elections as 20:01(a)(i), but on the basis of seven (7) days per week.
- (b) The Employer elected subsistence allowance or room and board will be maintained for any Statutory Holiday which falls on a scheduled work day other

than a Monday or Friday (Thursday where a compressed work week schedule is in effect) provided the Employee reports for work on the work day immediately preceding and following the Statutory Holiday.

- (c) Local residents, as defined in Article 3:07, shall not be entitled to subsistence allowance, camp accommodation, nor room and board. Where a camp kitchen is established and where all workers, generally, on a project who are not local residents attend at the camp kitchen to eat their lunches, a local resident employee shall be provided the same mid shift meal arrangements without cost to himself. In those instances where bagged lunches are provided to camp residents and hot soup is provided on the job site, local residents shall also be entitled to receive hot soup.
- (d) Although the City of Calgary is a free zone (except for local residents), the Employer and the Business Manager shall establish a mutually agreed fixed lodging allowance.

#### **20:02**

For employees supplied or obtained from other sources, entitlement to subsistence allowance / accommodation shall be as follows:

- (a) When a travel card member has deposited his card in another Lodge area, and has solicited work from that Lodge list or an out-of-work list, he shall be considered to be a resident of that List area and shall be entitled to subsistence allowance / accommodation benefits on the same basis.
- (b) In other cases, where the Union supplies men from other Local Lodges, without Employer consultation and agreement to the employees proposed, the Employer shall not be obliged to pay subsistence / accommodation.
- (c) Where the Employer obtains or supplies men from other sources, or agrees to the Union's assistance in doing so, the Employer shall determine whether subsistence / accommodation is to be paid; provided however that subsistence / accommodation shall not be paid to any such employee unless he is required to maintain temporary living quarters away from his permanent residence.

#### **20:03**

The amount of the Subsistence Allowance and the effective dates of changes are set out in the Wage and Benefit Schedule at the beginning of this Appendix. It is understood that the subsistence allowance is a reimbursement toward the expense of the employee's board and lodging and any goods and services tax paid by the employee in the purchase of board and lodging.

#### **20:04**

Subsistence allowance shall not apply where employees can be accommodated at a camp, arranged for by the Employer, in which case the Employer shall pay the cost of the accommodation provided.

There shall be no charge to employees for use of washers and dryers provided on camp jobs.

**20:05**

Subject to Articles 20:01 and 20:02, except as defined in the following, subsistence allowance shall be paid for waiting time, inclement weather or a Recognized Holiday.

Subject to Articles 20:01 and 20:02, an employee shall forfeit subsistence allowance for absenteeism on any working days. When an employee is absent on the working day immediately preceding or following bad weather days or Recognized Holiday, he shall forfeit subsistence allowance for such absenteeism and for the bad weather days or Recognized Holidays. When Saturday is not a working day and an employee is absent on Friday when work is available, he shall forfeit subsistence allowance for Friday and for Saturday. When Sunday is not a working day and an employee is absent on Monday when work is available, he shall forfeit subsistence allowance for Sunday and for Monday.

The above forfeiture of subsistence allowance shall be waived when the employee's absenteeism on any working day or on Friday and/or Monday, as outlined above, is due to a bona fide illness or absence is due to compassionate grounds satisfactory to the Employer and the Union.

Forfeiture of subsistence allowance may also be waived in other cases if the reason for absenteeism is acceptable to the Employer.

**20:06**

Should an employee residing in camp accommodation be requested by the employer or the client's designated camp management personnel to move to another room or camp, the employee shall be paid two (2) hours at the applicable straight time rate to carry out the move.

**20:07**

An inconvenience allowance of \$15.00 per day worked shall be paid to employees who are required to travel between the Muskeg River Camp (MRC) or PTI camp and the Suncor site, or between the Suncor camps and the Aurora 1 or 2, or MRC sites. (This is a "pure" allowance, and is not to be considered part of earnings for the purposes of any calculations.) Similar situations not expressly mentioned in this clause which may arise in the future will be subject to discussion by the parties to determine if the situation warrants consideration for similar treatment.

**ARTICLE 32:03**

The current Master Portion complete with subsequent amendments and Appendix "A" shall remain in full force and effect until April 30, 2003, and from year to year thereafter unless either party shall, at least 90 days prior to any anniversary date thereafter, notify the other party to this Agreement in writing of any proposed changes in this Agreement.

Article 32:05, as set out in the Master Portion, applies to the negotiations of Appendix "A".
